SUMMARY

I am a Salesforce Consultant with 9 years of experience in designing and implementing scalable Salesforce solutions. My expertise lies in Sales Cloud, Service Cloud, Experience Cloud, Omnistudio, and Integration. I have a proven ability to lead teams, conduct Proof of Concepts, and drive enterprise–level digital transformation, recognized for my contributions with the Achievers Award

WORK EXPERIENCE

SENIOR TECHNICAL CONSULTANT

Salesforce | Jan 2020 – Present

Salesforce is a cloud–based software company that provides customer relationship management services

- Led the architectural design and implementation for large–scale Salesforce solutions
- Created Technical designs and best practices for scalable, high–performing systems
- Performed Proof of Concepts (POCs) for challenging technical requirements
- Mentored and guided cross–functional teams, ensuring best practices in Salesforce development and integration
- Defined and implemented best practices, performing code reviews and ensuring adherence to Salesforce architectural standards
- Coordinated CI/CD deployments, reducing release cycle time by 20%
- Key Projects: Connect Now (Australia) – Optimized customer onboarding and improved Digital Funnel efficiency, AGL (Australia) – Developed and streamlined Salesforce integration strategies for energy sector operations

EDUCATION HISTORY

INDORE INSTITUTE OF SCIENCE & TECHNOLOGY

- Bachelor of Engineering (CS), 2016

KEY ACHIEVEMENT

ACHIVERS AWARD

Recognized with the Achievers Award for outstanding contributions in the field of Salesforce solutions and digital transformation
